Thank you for your interest in partnering with **Sofware Devs** for your website development project. We hold one goal above all others: 100% client satisfaction. Our in-house team of web designer, graphic designers, and developers uphold the highest standards for project planning and execution, and we're dedicated to building the perfect website for your company on-time and on-budget.

We've built websites with great success, and are quite excited to get to work on yours.

In this proposal, you'll find examples of our past work along with what we feel is the optimal solution for your website development needs, along with the associated delivery timeline, costs, and project terms.

Thanks again for the opportunity to earn your business!

EXECUTIVE SUMMARY

Trabajuan.ph requires a full website build to support your digital growth strategy.

Software Devs. is uniquely qualified to build the website that you desire, due to our in-house team of designers and developers, and our experience working with clients in Juan Creatives Solution.

SOLUTION OUTLINE

Software Devs will build your website using the [CMS] content management system (CMS). [CMS] is used by more than a million brands around the world, and is known for it's ease of use, security, and scalability. [CMS] will allow you to do the following once your website is launched:

1. Create an application with the following features.
   - Sales cart system for order.
   - Customer accounts and transactions.
   - Admin panel to monitor the business process.
2. Design a database to store and manage your data.
3. Generate the following Reports.
   - History of purchase or sales report, A day, weeks and months
   - Discounts

We propose that your site be hosted with trabajuan.ph. This will ensure that your website is capable of supporting a high volume of traffic while remaining protected from malicious entities.
